AT A GLANCE

Kiddie Campus Preschool offers students a warm, nurturing environment through a state-licensed program. Children participate in a developmentally appropriate curriculum designed to help them grow socially, emotionally, academically and physically. Our continuous program provides the basis for future reading and writing skills and includes activities in the areas of music, art, language development, science, math, and gross and fine motor development. Students venture on field trips throughout the year.

Please note: children must be able to use the toilet independently.
