ABOUT US

A warm, nurturing atmosphere is the key to success of this state-licensed preschool program. Children participate in a variety of developmentally appropriate activities designed to help them grow socially, emotionally, academically, and physically. This continuous program will also help provide the basis for future reading and writing skills, and includes activities in the areas of music, art, language development, science, math and gross and fine motor development. Field trips are taken throughout the year. Children must be able to use the toilet independently.
