

Miss Amanda's Senior Kiddie Campus Room #5

The month of February sure did fly by; it's hard to believe that spring break will be upon us in just a few weeks. I know we are all looking forward to Spring!

Thank you to all the parents that brought in a special card or treat for Valentine's Day. The children really got excited that they had a whole bag of goodies to take home.

Favorite Activity: Valentine week brought us many fun activities with hearts. We worked on cutting skills by cutting out hearts, we did a science experiment where we learned that candy hearts dissolve when you put them in water. We also sang a "Heart" song. I hope you enjoyed singing it with your child for I sent home a copy in everyone's cubby. Our trip to Mariano's was great and the children are having fun doing a grocery store in our dramatic play area. The children have been taking on different roles such as the shoppers, the cashiers, the stockers, and the baggers. We have also encouraged the children to practice writing by making lists and making signs for our store. The children have been using a wooden steering wheel while pretending to go on vacations. We've pretended to be on a train, plane, bus, and car. We incorporate maps and compasses with this activity too!

Show and Tell: March 1/2 please bring two items that rhyme. (To go along with our Dr. Seuss week) An example might be a block and a rock.

Themes for March: Dr. Seuss, Pizza, St. Patrick's Day, and Spring

Spring Break: Just a reminder that spring break is the week of March 27th. Class resumes on April 3.

If you have been collecting plastic bottle caps this past month and haven't brought them into school, please do so this week. We will begin sorting by color, counting them; make patterns, and graph them.

A big thank you to my volunteer drivers who helped on our field trips. I really appreciate your help in transporting children and everyone that stayed to go on the tour with us and help out. The children had a blast and I hope you guys enjoyed it too!
