

**Miss Laurel, Miss Andy, & Miss Mamie's Junior Kiddie Campus Room #3**

**Special Favorites:** We are just so busy and our days are filled with so many activities. It is so much fun for us as teachers to see your children changing and growing. They really are learning to play together and often can busy themselves without much direction from us. Our favorite February activities included rhyming from Dr. Seuss and Chicka Chicka and all of those crazy letters. During Dinosaur Week we did a dinosaur stomp and made dino crowns. Of course Valentine's week is always fun. We liked making our secret valentine's and bringing them to put in our cubbies. We hope you liked getting your special mail! We have done all kinds of sorting games on our activity table and had some neat stuff in our sensory table.

**Class Books:** The children are always excited for their turn to bring things home from school to share with you. Please remember to read our books with your child and return them the next class time, so that everyone gets a chance to share. Also if your child has not had the All About Me Bag yet, remind them that everyone will get a turn. They are doing so well telling us "all about themselves".

**March Themes:** Continue Chicka Chicka, Space Adventure, Rainbows/St. Patrick's Day, and Open Exploration. Spring break will be from March 25th -April 2nd. We will see you back on April 3rd.

**February Birthday's:** Hope that Shelby and Hannah had a great birthday!!

**Parent Helpers:** Thanks to all of our parent helpers during the month of February. Do you have a special talent you could share with us? Especially when we can't get outside, it's fun to have something different! Let us know if you would like to visit.

We have had a nasty run of colds in our classroom. Remember, your child needs to be fever free for 24 hours with no meds before coming back to school; same goes for any stomach flu symptoms. We all want to stay healthy and hope for warmer weather soon! Which brings us to our next point, remember to send hats and mittens with your child, we will try to get out even for a quick walk, cabin fever is abundant in Room 3!
