

December news from Room 3
Miss Andrea, Miss Laurel and Miss Liz

Special Favorites: Some of our favorite activities this month included our discovery of nocturnal animals. We also talked about being a good neighbor and how it is important to be helpful to others. We liked seeing our baby needs items grow and sorting them out. We learned a big word, hibernation, and how certain animals sleep all winter long. And we loved the turkey pokey!

December Themes: Open Exploration, Snow People and Holiday Happenings.

Special Dates: **Wednesday December 20th, please join us at 11:00am & 3:00 pm and on Thursday December 21st please join us at 11:00am & 3:00 p.m. for our special holiday program. Please bring your cameras!**

There will be no school December 25th - January 4th . We will see you back for classes on Monday, January 8th and Tuesday, January 9th .

November Birthdays: We did not have any to celebrate this month.

Parent Helpers: Thank you to all of your parent helpers this month! The kids love to have new faces in the classroom.

A few last things: This is the season where excitement and the beginning of cabin fever begins. We will try and find calming activities for your child to engage in along with our regular activities. We will also try to continue to get outside when possible. Please dress appropriate for outdoor play. Cold and flu season is upon us and we have had lots of runny noses. We'd love it if you would work with your child on blowing their noses and also covering their face with their sleeve when they cough or sneeze. Please be considerate of classmates (and teachers), and keep your child home if they are not feeling well. We want everyone healthy for the holiday's.

PLEASE READ THE DECEMBER GENERAL NEWSLETTER FOR MORE INFORMATION.
