

Miss Laurel, Miss Andrea, & Miss Liz's Classroom News

Welcome back! We hope everyone enjoyed Spring Break!

Some of our March Favorites: We talked about Construction and how things are built and who does different jobs. We enjoyed our Space Adventures and learning a little about the stars and planets. We learned that the sun is actually a star! We liked saying the rhyme about going on a rocket ride. Making space pictures with glitter was a highlight too. During Rainbows & St. Patrick's we liked making pots of gold!. We read lots of cool books this month, and loved the space items and astronauts in the sensory table. We really enjoyed our field trip to the Gianorio's Pizza for our tour and learning about how pizzas are made. We enjoyed being able to participate in the making of the pizzas and especially the eating and our teachers were happy with our great behavior!

We continue to practice our name writing, counting, recognizing letters as well as shapes and colors in a variety of activities. Thanks for reinforcing these skills at home.

Books home: We are almost done with our class books and those children who are at the end should be praised for waiting so long for their turn. Please remember to bring the book back the next class so that everyone has a chance to bring them home. Thanks for your help.

March Birthdays: Hope that Charlotte, Audrey, Henry, Scarlet, Ben, Misha and Cara had a great birthday!

April Themes: Spring: Bunnies & Chicks, Bug Fun, Earth/Weather & Farm Week.

Field Trips: We will be heading to Willowbrook Wildlife for our field trips on Monday, April 16th & Tuesday, April 17th.

Parent Helpers: Thank you to all of our parent helpers during the month of March. We especially want to thank all of you who drove your child and other children to the field trip; we could not have done it without you!

Other important items: As the weather begins to warm, we try to get outside. But with warm weather there are sometimes soggy playgrounds, please make sure there is a change of clothes in your child's backpack just in case. The weather change also brings its own set of germs; good hand washing is our best defense. Thank you for helping your children with this and for keeping them home when they are sick.
