

**Miss Karen and Miss Anna
Junior Class News-Room 5**

In February we enjoyed: passing out valentine's to our friends and making special Valentine's for our families, hope yours made it safely to your house. Color mixing was a lot of fun! We painted with red and white to make pink and really enjoyed using eye droppers with blue and pink to make purple. It was very exciting to see the colors mix and spread on our color diffusing hearts.

In March we will learn all about the many pets you can have and all of the care a pet really needs. We will dot marker dogs and collage bones for Old Mother Hubbard, we will learn about hamsters and make a cute little hamster to have as a pet. **Please bring a shoe box by March 5** for this project. I do have extras if needed. If any of you have an extra box please feel free to donate as well. Thank you! We will make a fish aquarium and, turtles, birds and bunnies. Animals are always a favorite unit for young children.

We will be going to the gym on Tuesday and Thursday and as the weather warms up we will be headed outside.

On March 12, one of the librarians from Helen Plum Library will meet us at the Lagoon for a story time. We will spend our time playing there and having snack. Detailed information can be found in the field trip permission slip.

Literacy

Dog's Colorful Day-Emma Dodd
Go Dog Go- Dr. Seuss
Hot Rod Hamster-Cynthia Lord
Ten Little Fish-Audrey Wood
A Fish Out of Water- Dr. Seuss
Are you My Mother-P.D. Eastman
Five Jellybeans flannel board story

Dates to Remember

March 12-Library field trip at the Lagoon building.

March 17-Vision/Hearing screening

March 19-Bring a picture of a pet you have, or one you would like to have.

March 30-April 3-Spring Break Week. Enjoy time with family!

In March we will take turns taking home the fine motor fun box. It will be filled with many different activities for your children to help strengthen their fine motor muscles. The directions for use will be attached to the box. We hope you enjoy!
