

AN IMPORTANT MESSAGE

from the
LOMBARD PARK DISTRICT

In cooperation with Governor Pritzker's Stay at Home Order continuing through May 30, along with the current social distancing guidelines and restrictions on groups larger than 10 in both Phase 2 & 3 of the Restore Illinois Plan, the Lombard Park District is announcing Paradise Bay Water Park will be closed for the 2020 season.

We are disappointed that we are unable to bring you the recreation opportunities we had planned and that our community is used to seeing and enjoying. However, ensuring the safety and well being of the community, visitors and staff must take priority. Refunds will be processed for those that have purchased passes or registered for pool programs.

The Lombard Park District is anxious to fully serve our residents and get life back to "normal," but we must do so based on the recommendations of our State Officials and the CDC.

For announcements and updates, follow the Lombard Park District on Social Media and visit lombardparks.com.

Thank you for understanding and stay safe.
