

Miss Amanda and Miss Anna (TTH am)
Senior Kiddie Campus Room 1

Favorite Activity: During the month of October the children enjoyed learning about apples and pumpkins. After making a prediction about how each grow, we read stories about apples and pumpkins. We learned apples grow on trees and pumpkins grow on a vine. We used our senses to feel and smell the “stuff” inside the pumpkin. The children also had a good time weighing and measuring the various sized pumpkins and apples, which we had on our science table.

Another fun activity which promoted hand/eye coordination and small muscles was hammering golf tees into our pumpkins. The children really had fun with that exercise!

This month in the area of literacy we have gone on letter hunts around the room looking for /O/ for October, /P/ for Pumpkin, and /F/ for Fall. We then will ask the children to think of other words that start with that letter.

Upcoming Events: During the week of October 16th we will be collecting baby items for The Baby Needs Pantry here in town. There will be boxes placed outside where you drop your child off for class for you to put items in. They except things like diapers, wipes, baby food and formula, infant and baby toys.

Family Fun Night this year will be different but still lots of fun!! Instead of coming into your child’s classroom, we will be sending home some activities for you to do as a family at your home. Miss Anna and I hope you enjoy what we prepare for you all!

Show and Tell: On November 23 and November 24 we will have Show and Tell. Please bring 3 items that start with the same letter as your name. E.g. Amanda would bring in an apple, airplane, and alligator.

What’s Ahead: In the coming month our themes are: Fall Time/Harvest Time, Being a Good Neighbor, and Being Thankful.
